

# Energy Efficiency Best Practices Training

## Ohio Center for Industrial Energy Efficiency (OCIEE)

Consortium of state, utility & industry leaders

# Ohio Programs Provide Required Elements for Energy Efficiency Results

## Incentives & Financing

- Energy Loan Fund
- Grant funded audits and implementation

## Subject Matter Expertise

- Facilitators provide Ohio Energy Efficiency Program outcomes

## Information & Education

- Best Practices Training coordinated by Ohio Center for Energy Efficiency (OCIEE)

# Ohio's Energy Efficiency Program Contacts

## **Manny Anunike, PhD**

Energy Specialist

Energy Efficiency Programs

Ohio Development Services Agency

Office of Community Assistance

# Energy Champions MASTER Best Practices for Energy Efficiency Strategies

## OCIEE training sessions target:

- decision making using data and analysis
- energy management actions for implementation
- tracking progress against goals
- evaluating course corrective actions
- reporting **energy and non-energy achievements**

# OCIEE's Learning Objectives for Workshop on Data Centers/Server Rooms

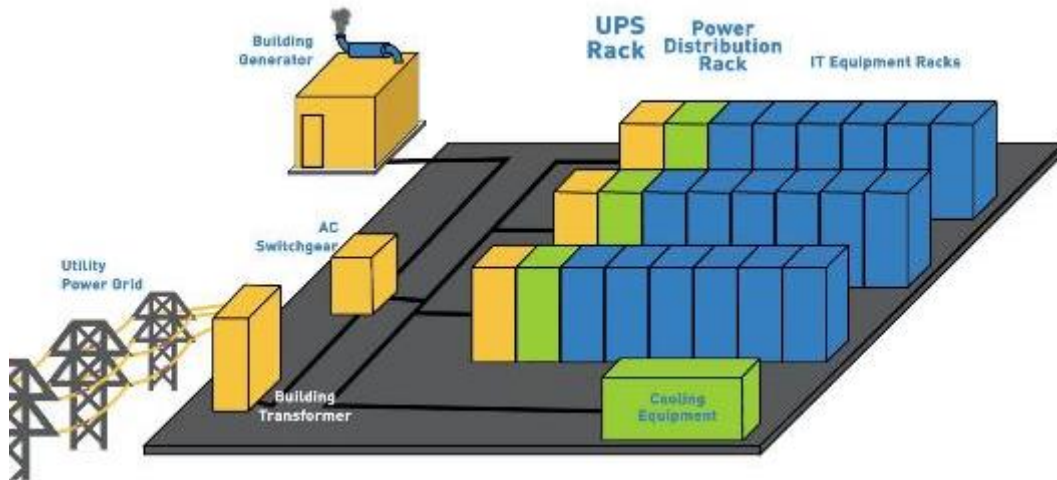

Considerations for a data center or server room *strategy* for your site

Achieving the best ROI from your equipment and technology investments and resourcing decisions

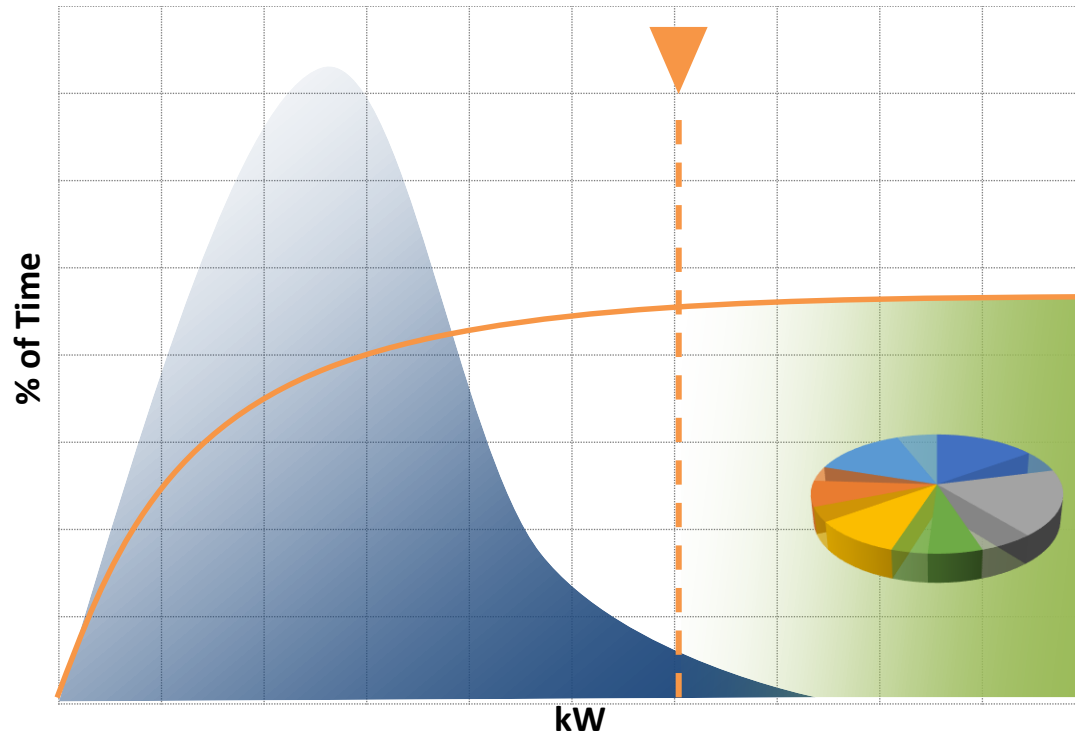

Resources to help scope and implement data center or server room upgrades

# Considerations for Data Center EE

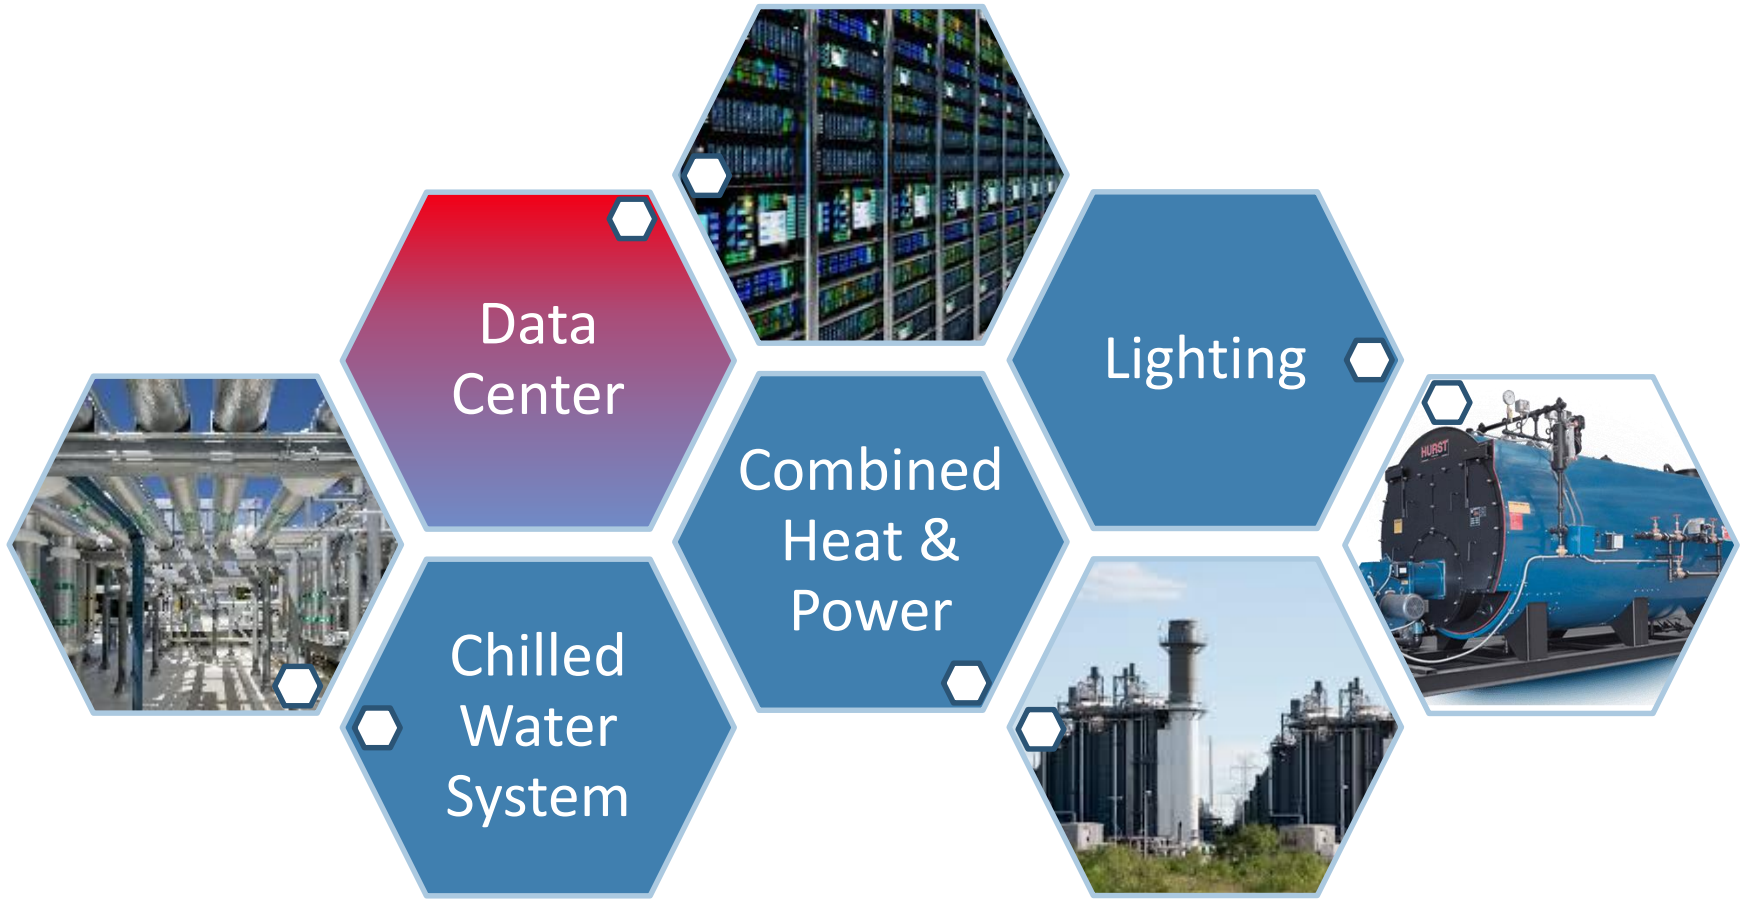

- Data Center uptime
- Energy using components of a data center
- Industry standards for equipment operations
- Criteria for decision-making
- Prioritizing business needs

# MASTER Best Practices to Reduce Waste
